

Applicable car models for Analog Lightning

2022-05-04

Unless otherwise indicated below, connection of the signal-cables are made on the left-hand side headlamp

Note I: Analog Lightning is tested on the vehicle model years as seen in the table below. If your vehicle model year is not present in the table, there is a chance that the code for a nearby model year also work with your car.

Note II: The colours of the cables in the car may vary from the colours in the table below.
